

GRAD-EXPORT[®]

since 1992.

PRODUCTION OF DECORATIVE PANELS

ENVIRONMENTAL POLICY

Introduction

Grad-export d.o.o. develops, manufactures and sells products that improve the energy efficiency of residential buildings. We run our business in a profitable manner, continuously assess and invest our efforts in environmental protection.

Purpose and Policy

The purpose of this Group Policy is to ensure that Grad-export manages its negative and positive environmental impacts throughout the value chain and life cycle of the delivery of its products and services, in order to meet its long-term environmental ambitions and goals.

Our goals are:

REDUCE emissions and waste from our activities

- Set time-bound emission reduction targets in line with the goals of the Paris Agreement
- Set time-bound waste reduction targets
- FOCUS on the efficient use of raw materials, water and energy to reduce negative environmental impacts
- Preserve and protect oceans and forests
- Support biodiversity and responsible land use
